

The Beverly McCann Flower Endowment Fund

Income from the Beverly McCann Flower Endowment Fund supports the ongoing beautification of Hospice & Community Care's Inpatient Centers and the Pathways Center for Grief & Loss. The funds will provide regular fresh flowers and maintain plants throughout the interior of the Hospice Centers, lending to the home-like atmosphere for patients and families.

The Endowment Fund was created in memory of Beverly McCann by family and friends. Beverly loved flowers and supported Hospice & Community Care with her warm and caring spirit, in much the same way as beautiful flowers provide a caring comfort and warmth. Bev especially enjoyed supporting the Hospice & Community Care Labor Day Auction and had great fun bidding on all kinds of Auction favorites.

Graduating from Tyrone High School in 1950 and then the Phillipsburg School of Nursing, Beverly worked as an ICU nurse at Hanover Hospital and Lancaster General Hospital. She was married to Dr. William D. McCann for 31 years and was a devoted wife, mother and grandmother.

Bev immensely appreciated and enjoyed beautiful flowers. The Endowment Fund creates a lasting tribute in her memory for others to enjoy for years to come.

Hospice & Community Care, founded as Hospice of Lancaster County, has established endowment funds for the purpose of providing income to be used for specific needs. The principal remains invested in order to perpetuate the fund for future generations.
