Stars of Hope

by Deeter Lutz

If I knew you had set sail on a journey
I would wish for the stars to guide your way
Stars of hope, Stars of hope
To guide you as you find your way back home

If I knew your days were sad and lonely
I would wish for friends as countless as the stars
Stars of hope, Stars of hope
To let you know you're never alone

So reach out a hand and smile at your neighbor
And I'm sure you'll see a twinkle in their eye
Stars of hope, Stars of hope
To help each other journey through this life

If I knew your night was dark and cloudy
I would love to share a treasure that I've found
Stars of hope, Stars of hope
Are always shining just above the clouds

Light Up a Life Responsive Reading

“We Remember Them”

(Group reads bold print)

In the rising of the sun and in its going down,
We remember them.

In the beginning of the year and when it ends,
We remember them.

In the blowing of the wind and in the chill of winter,
We remember them.

In the opening of buds and in the rebirth of spring,
We remember them.

In the blueness of the sky and in the warmth of summer,
We remember them.

In the rustling of the leaves and in the beauty of autumn,
We remember them.

When we are weary and in need of strength,
We remember them.

When we are lost and sick of heart,
We remember them.

When we have joys we yearn to share,
We remember them.

So long as we live, they too shall live, for they are now a part of us...as we remember them.
